Time-Ordered Agenda for
Trauma-Informed Brick Play in Occupational Therapy

Instructor: Jerrod Brown, PhD

Time (minutes)	OT-Specific Content to be Covered	Instructional Methodologies (e.g., lecture, case study, discussion, demonstration)
40	State two ways to incorporate LEGO®-based interventions into trauma-informed care practices. Identify trauma-informed care, the adverse childhood experiences (ACEs) research, complex and developmental trauma, and toxic stress.	Lecture, case study, discussion
40	Understand the integration between trauma-informed LEGO®-based tools and other therapeutic models and approaches in occupational therapy.	Lecture, case study, discussion
40	List three strategies from a behavioral health, neuroscience, attachment theory, and lifestyle medicine perspective. State three play-based interventions that incorporate trauma-informed LEGO®-based approaches into individual, group, and organizational settings.	Lecture, case study, discussion
120	**TOTAL RUN TIME**
